—The "Flying Circus" which exhibited here a fortnight ago, is now performing at Meadville.

—Rev. J. W. Webb will preach in the Dutch Reformed Church to-morrow (Sunday) evening, at the usual hour.

—Secure your reserved seats for Nasby's lecture. They can be obtained at the P. O. news depot without extra charge.

—The woods in the vicinity are filled with chestnuts, and a fine time is in store for the boys and squirrels after the first comings.

—The Germania No. 135, A. D. O. H. are to have a gala day here on Monday. See the programme of exercises in another column.

—The pipe lines of Messrs. Galy &amp; Avery between Upper Cherry Run and Miller, were purchased a day or two ago by Henry Harley for \$50,000.

—Huge loads of watermelons come in daily from the rural districts, while grapes, peaches and pears arrive on every train from the lake shore and western towns.

—We are requested to state that on account of the first visit of Bishop Mullen to Titusville, which occurs to-day, the Bishop will administer the rite of confirmation at 10 o'clock a. m. Sunday, in St. Titus church.

—The Republican club room on Franklin street is under the personal superintendence of Mr. Samuel Curry. The club room is always supplied with the latest political journals, and visitors are always welcome.

—There were thirty-one inches of water in the Allegheny river at Old City yesterday afternoon.

—The appearances indicate a still further rise. Seventeen inches more of water would put the river in fair order for boating and rafting.

—Thursday last was the anniversary of the battle of Lake Erie. It is fifty-five years since the gallant Perry won this memorable fight. There was a grand celebration at Put-in-Bay, at which people from most of the lake cities were present.

—The McHenry House at Meadville has changed hands. Mr. Welch retiring. His successor is Mr. A. Parker, of New York, a gentleman of large experience in hotel management, having been formerly connected with St. Nicholas, Merchant's, and other popular houses in Gotham.

—The number of stages running between this point and Pleasantville has decreased of late, but those remaining are crowded daily and travel remains the same. Owing to the new hotels erected at Pleasantville, many strangers and travelers obtain lodgings at that point instead of coming to Titusville as formerly.

—The last number of the New York Ledger, contains the final chapter of "H. G." and bibliography. The next attraction will be "The Experiences" from the most celebrated jugglers in the country. The invention of Bonner in entering to the literary taste of the country, and placing their curiosity is inexhaustible.

—About seven o'clock last evening, two men named Manger and Ed. Cushman, who had been on a spree and were pretty drunk, got into an altercation on Diamond street. They soon came to blows and after having it round about, over and under in true rough and tumble style for about ten minutes, Manger withdrew, having been severely pounded and used up generally.

—About eleven o'clock light before last white officer Doherty was attempting to arrest a man who was ill tempered and cross from having drunk some inferior benzine of high gravity and who was raising Ned in one of the saloons on Spring street. He was assaulted by one of the drunk's chums. The officer repaid the fellow over the head with his club knocking him down, and then carried the ill-tempered cuss to the lock up.

—The latter was taken before Justice Strouse this morning and fined \$5.00, but as he had only twenty cents in money, and no friends to borrow from, the Justice considered it expedient to discharge him after having him take a pledge to abstain from benzine and all similar fluids, for the space of one year.

## Special Meeting of the Republican Clubs.

A special meeting of the Senior and Junior Republican Clubs was held last evening.

J. H. Baker, Esq., was called to the chair, and Mr. E. T. Hill appointed Secretary.

W. W. Bloss read a dispatch from Hon. G. A. J. A. Grow, Chairman of the Republican State committee, stating that Hon. H. Bucher Swope, of Clearfield, W. H. Burleigh, of New York, and J. H. Hunter, of Philadelphia, would speak in Titusville on Thursday next, if desired.

Mr. Bloss moved that a committee of arrangements, consisting of five members be appointed.

Carried, and the chair appointed W. W. Bloss, A. D. Cameron, J. J. Carter, J. D. Archibald, and O. Keese such committee.

The meeting was then addressed by W. B. Morris, W. W. Bloss, and H. C. Cameron. Dr. Varian moved that Mr. E. T. Hill be appointed to organize a gloe club, to be present at the meeting Saturday evening.

Carried.

It was voted that the matter of consolidating the two clubs be referred to each club separately for final action.

The meeting was then adjourned to this Saturday evening, at 8 o'clock, when a full attendance is requested.

J. H. BAKER, President.

E. T. HILL, Secretary.

## THE ASSOCIATIONS.—There is always a proclamation about assessments which is unjustifiable, and it is therefore hoped that in every election district throughout the State, special attention will be given in time to this subject.

There is ample time for every man to ascertain whether he is assessed. To wait for a few days of the expiration of the time for making assessments always creates confusion and a probability of mistake by which men are liable to lose their votes. Hence the importance of at once attending to the assessments. Individual members of ward and township committees can perform no greater service at present than that of looking after the assessments. By doing that at once we secure time on the eve of the election for the discharge of other important labor. Republicans, look to the assessments.

## Vermont.—Colorado has elected Bradford, Republican, for delegate to Congress by an increase of the majority for Callcott two years since.

New Mexico has also elected a Republican Legislature, by a largely increased majority.

Last year, Oliver (Democrat) for the Congressional Delegate, had 97 majority.

## HARRIS' Weekly, for September 19th, has sketches of the wonderful revival in "The Wick-edest Man" in New York City, also of an attack of a Wagon-Train by Indians, on the Plains, and several fearful political illustrations, which tell the whole story, and are better than a dozen columns of text, to the general mind. For sale at E. T. Hill's and Har's.

## How Will Maine Go?

It due to be chosen a Governor, her Legislature and a full Congressional Delegation on Monday next. At present, all her five Congressmen are Republicans; the Republican majority last year in her State Senate was 22, in the House 59, and a Republican Governor was chosen at the last election by a majority varying little from 11,000.

In a few days we shall be able to judge whether there is any "reaction" going on among the people, as the Democrats affirm there is. When Vermont reported herself the other day, the Republicans gains were reported to "local cause" by our opponents. Yesterday, from the other end of the Union, the youngest of the States sent greeting to the East; Republican victories and gains everywhere since Democracy sold out to Hampton and Forrest at New York. The Democracy are thoroughly disheartened everywhere.

Poor Seymour is at his wits' end. "My friends," he writes, "have plunged me in a sea of troubles." We should think so. We haven't heard of any Democratic bets on the result of the Maine election.

## Vallandigham.

The nomination of Vallandigham for Congress in the Third Ohio District, is the most significant proof yet evolved, that the radical Democracy have obtained the leadership of the Democratic party. There was an attempt, some months ago, to take a moderate stand. Overtures were thrown out to the moderate Republicans to unite in a common cause against the radical leaders of Congress. But this movement ceased when Chase failed of the Democratic nomination, and since then the current has been setting steadily in the opposite direction. Since the time that Vallandigham was banished from the Union lines, he has been under a cloud. True, he was afterwards nominated for the Governorship of Ohio—soon afterwards—by the overwhelming defeat he suffered, proved most conclusively that the people, i. e., the Republicans and War Democrats, repudiated him and his principles. What then does his nomination at this time mean? It means that the Democratic party are experiencing a reversion, they are going back to the principles which he represents. Vallandigham has not changed. He has not come to the Democratic party, it has gone to him.

## National Convention of Veterans.

The "Boys in Blue" of Philadelphia are making extensive preparations for the National Convention of the veterans of the war, which is to be held in that city on the 1st and 2d of October, to devise means for prosecuting with vigor "Grant's last Campaign." A grand parade is to be one of the features of the occasion, and to that end a battalion of escort, composed of twenty picked men from each ward of that city, has been mustered in companies of thirty-two men each, offered by a captain, two lieutenants and two sergeants, will be formed. The first ten companies will be formed into a regiment, the first three brigades into a division, and the first three divisions into a corps. The officers of these several organizations will be chosen by the field officers. The uniform will consist of a fatigue cap, blue blouse, and red, white and blue cockade. Comrades all over the country are called upon to send representatives, and visiting organizations are desired to report as soon as possible to John T. Owen, giving number of men and officers who will be present. This will doubtless be one of the greatest soldier demonstrations since the war, and some arrangements should be made to have the soldiers and sailors of Titusville and vicinity as fully represented as possible. We must not forget how the soldiers and sailors of the Union participated in our gubernatorial campaign.

## Pleasantville Items.

The plank road between Titusville and Pleasantville, which has hitherto been in such good condition, is getting decidedly "sloppy" and "lumpy." The "one man power" on repairs is quite unable to cope with the severe rains of the past few days, and the "bad places" are getting the upper hand rapidly. The plank road company must "mend their ways."

## REAL ESTATE SALE.

J. H. Jack sold yesterday 5 acres for \$675 per acre. We did not learn the names of the parties purchasing.

## BENEFIT OF SAM SANFORD.

At the theatre to night will be presented the burlesque on the opera of "The Duchess," in which the whole company will appear in gorgeous array, singing all the popular airs, and put on all the airs, and more too, of this celebrated opera. This is the last night for the present of Sanford &amp; Morimer's troupe and is for the benefit of S. S. Sanford. Mr. Sanford has been indefatigable in his efforts to please the public, and we hope to see his benefit a substantial one.

## ANNIE SEFTON'S THEATRE TROUPE.

This company which has just finished a highly successful engagement at Corinthian Hall in Titusville, will give a short series of dramatic entertainments at the Pleasantville theatre, commencing on Monday evening next.

## Letter From Washington.

WASHINGTON, D. C., Sept. 9, 1898.

## Editor Morning Herald:

He who doubts the strength of the Republican ticket should be referred to the confusion of leading copperheads. Fendleton telegraphs from Ohio to a friend in Illinois: "I just got home."

The condition of the canvass in Ohio is such that I withdraw all my appointments in Illinois."

Horatio Seymour, on the 24th of July, 1898, sounded the keynote of despair in his letter to Hon. C. M. Ingersoll, of Connecticut, when he said: "My friends have plunged me into a sea of troubles. I do not know how the canvass will go, but now that I am in the fight I shall do the best I can." These are not only confessions of defeat, but tributes to the overwhelming popularity of Grant.

The California papers contain the proceedings of a large Republican State Convention, held at Sacramento on Wednesday evening, the 12th of August, at which the Hon. A. P. Dudley made a speech containing the following language:

"I have been a voter for twenty-eight years. By my bald head you see I have grown gray in the service of my country, and I have never had a chance to vote for a Democratic President."

He then declared that he had voted for Grant in 1872, and for Hayes in 1876, and for Grant in 1880, and for Grant in 1884, and for Grant in 1888, and for Grant in 1892, and for Grant in 1896, and for
